Minimal Lab Milano

We are a small family artisan firm located in Milan, Italy. We design and produce handmade jewellery: necklaces, earrings and bracelets. Our products are made of gold and rhodium plated brass with natural stones and pearls and crystals. The material we use is of best quality and is both tarnish and water resistant. Our aim is to create a product which is not only practical and durable, but also beautiful. That is why, our minimalistic, geometric and nature inspired accessories match the taste of different categories of clients.
